#### INDEPENDENT AUDITOR'S REPORT

The Board of Directors

James M. Myers & Co., Inc.

Charlotte, North Carolina

We have audited the accompanying balance sheets of James M. Myers & Co., Inc. (a North Carolina S-Corporation) as of December 31, 2001 and 2000, and the related statements of income, stockholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain a reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of James M. Myers & Co., Inc. as of December 31, 2001 and 2000, and the results of its operations and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

## REPORT ON INTERNAL CONTROL STRUCTURE REQUIRED BY SEC RULE 17a-5

The Board of Directors

James M. Myers & Co., Inc.

Charlotte, North Carolina

In planning and performing our audit of the financial statements of James M. Myers & Co., Inc. for the year ended December 31, 2001, we considered its internal control structure including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-(5)(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures followed by James M. Myers & Co., Inc. that we considered relevant to the objectives stated in rule 17a-5(g), (1) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and (2) for determining compliance with the exemptive provision of rule 15c3-3. We did not study the practices and procedures followed by the Company: (1) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13; (2) in complying with the requirements of prompt payments for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; or (3) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3, because the Company does not carry security accounts for customers, receive or hold any customer securities or cash, or perform custodial functions relating to the customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments are required to assess the expected benefits and related costs of internal control structure policies and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two objectives of an internal control structure, and the practices and procedures, are to provide reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures referred to in the preceding paragraph.

The Board of Directors

James M. Myers & Co., Inc.

Page 2

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods are subject to the risk that they may become inadequate of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of a specific internal control structure element does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period be employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001, to meet the Commission's objectives.

This report is intended solely for the use of management and the Securities and Exchange Commission and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934, and should not be used for any other purpose.
